MOFFAT DUNLAP

REAL ESTATE LIMITED

Moffat Dunlap Real Estate Limited, Brokerage - 16630 Dufferin Street, King City, ON L7B 1K5. - Tel: 905-841-7430 - info@moffatdunlap.com - www.moffatdunlap.com

The main residence, designed & built in 1962 under the direction of architects Grant Whetmough and Gardiner Cowan, is a contemporary, multi level open concept design using a combination of granite fieldstone, glass and wood to blend into its natural setting and to take full advantage of the outstanding vistas. The spacious living room features beamed cathedral ceilings, a west facing wall of windows and a massive floor-to-ceiling stone fireplace. The solid oak gourmet kitchen is combined with a generous dining area and includes a fireplace, large windows and walk-out to the patio and deck. The study serves as a casual family gathering area with another stone fireplace and wall of windows to enjoy the views. The spacious Master Suite includes a walk-in closet, 5-piece all marble en-suite and a sunken spa. The rest of the home includes 4 additional bedrooms, a wine/games room, sitting room, office plus a self-contained one bedroom apartment with separate entrance.

The nearby coach house provides three levels of post and beam construction and continues the theme of fieldstone and wood. It features a 2-storey living room with cathedral ceiling, a large eat-in kitchen, three bedrooms on the lower level and a 2-car attached garage. The coach house is currently undergoing renovation work.

There are multiple outdoor living areas including flagstone patios, large decks and balconies, surrounded by well-established perennial gardens, shrubs and mature landscape trees.

On a grassed area below the 2 residences is an in-ground triangular pool supported with a cabana and flagstone patio.

This property, located in central King Township offers complete privacy, 2 residences and spectacular westerly views.
