400 acres, Hockley Valley

One of the largest private land holdings in Mono Township. An amazing location with idyllic scenery including rolling valleys, crystal clear ponds, large river, majestic trees, miles of groomed trails, fertile farmed lands and distant views over the hills of headwaters countryside.

The property is currently titled in 4 separate lots and the property is improved with 2 houses, stable complex, restored century barn with workshop and a detached guest/staff apartment. The topography, scenic beauty and location are superb. A rare offering! More pictures coming soon.
